

CSA Newsletter | Week # 2

Notes from the Field

The overwhelming condition of the past week has been heat! Fortunately, we were blessed with two good downpours this past week and that has replenished our soil moisture and partly filled our tanks for the dry, hot weather we are anticipating over the next two weeks. Unfortunately, there was some hail in the heavy shower we had on Saturday and it resulted in damage to some of our greens, causing us to remove spinach from this week's offerings. All in all, things are growing well and quickly, with peas, squash and beans all beginning to flower this week. It is also haying time and we will be beginning to cut hay this weekend and will hopefully have it all done by next weekend.

Many thanks to our awesome crew of employees who have been working so hard to keep the gardens, fields and livestock thriving in spite of the extremely hot weather. We truly could not do this without them.

Keep cool and keep hydrated! Looking forward to seeing you all soon.

What's in Your Box?

- ★ Arugula
- ★ Asian Greens Mix
- ★ Choy
- ★ Cilantro
- ★ Dandelion Greens
- ★ Dill
- ★ Kale
- ★ Lettuce Mix
- ★ Rapini
